Our Service Packages

Cleaning service and security in an ideal combination

Start-up

Reliable, professional,
attractively priced

Our “Start-up” package: A clear choice. This package contains all the most important services for showcasing your stand.

In addition to pre-cleaning on the last day of set-up, we clean the stand every evening to remove the traces of the day and ensure that it is once again at its best for following day. Furthermore, our security personnel monitor your stand, exhibits and technical equipment – so that you can focus your energies on preparing for the next trade fair day.

Don't pass up the opportunity to benefit from the reliability and quality offered by respected specialists. With our “Start-up” package, you benefit from a very attractively priced alternative.

Premium

Individual, flexible,
efficient

Our “Premium” package: Cleanliness and security to perfection. This package offers you some practical additions to the “Start-up” package.

In addition to all the services included in the “Start-up” package, “Premium” customers also receive a member of our cleaning or service staff for up to four hours each day. This can be very useful, for example, to remove fingerprints from popular exhibits, run errands or perform host/hostess duties for you.

Our “Premium” package helps you enjoy a relaxed start to each trade fair day so that you can focus on what is most important: making new contacts, talking with potential customers and doing business.

„For our unique design products, we require top-notch partners that are painstaking and punctual, and who can guarantee a clean stand. WISAG and Messe Frankfurt offer us outstanding support for this very purpose.“

Selected

Varied, individual, exclusive

Our “Selected” package: All-round service for your successful trade fair activities. Reduce your organisational effort both before and during the trade fair – we’ll take care of all the details for you.

We will discuss all your individual requirements with you before the event. We will then work with you to define the appropriate service agreement based on your requirements.

You will have a personal point of contact available on site throughout the trade fair. In addition, a specially trained team will be working in the background during the entire trade fair day to ensure that everything runs smoothly.

If you are arriving by car, our “parking advantage” guarantees that you will have up to five parking spaces right on the exhibition grounds – shortening your journey and getting you here faster.

In addition to all the services from the “Start-up” and “Premium” packages, the “Selected” package also includes a member of our cleaning or service staff for up to eight hours each day. In this way, we help ensure that your stand is clean and well cared for at all times.

We will also be happy to integrate additional services in accordance with your wishes. All with a single aim: To make your trade fair presentation a resounding success.
